2023/24 OPEN EVENTS

**Come and discover
what we have to offer.**

We have open events throughout the year,
and they are the perfect way to get a feel for
the college, meet current students and tutors.

to find out more
and book a space

Thursday 26 October, 4pm to 8pm all campuses
Saturday 25 November, 10am to 2pm, all campuses
Thursday 27 June, 4pm to 8pm, all campuses

**Adult open evening,
Higher education
and jobs fair**

Tuesday 23 January,
4pm to 6.30pm,
Abbey Park Campus

We know that deciding to continue in or return to full time education is a big decision and there are lots of things to consider, such as finance, childcare, and juggling other existing responsibilities.

It can also be confusing knowing what all the different types of qualifications are. We offer independent and specialist careers advice for adults. You can book a free appointment in person, online or by phone.

SCAN ME

to find out more about careers and qualification advice.

OUR CAMPUSES

We have three main campuses: Abbey Park Campus, Freeman's Park Campus and St Margaret's Campus. Different subjects are taught at different campuses, so check where you'll be studying if you choose to apply to us.

Getting to Leicester College is easy. All the campuses are close to the city centre, with great transport links.

OPTIONS OPEN TO YOU

We have a huge range of courses to choose from, from entry level right through to university level. These include: accounting; art, design and fashion; business; construction; childcare and early years education; computing; engineering; health, humanities and science; hospitality; motor vehicles; music and performing arts; sports and fitness; and travel and tourism.

SCAN ME

We have specialist courses to support you to develop professionally and personally.

SCAN ME

GCSES

GCSE adult pathway – gain 5 GCSEs in just one year which can include maths and English.

SCAN ME

ACCESS

Access courses are equivalent to 3 A levels and provide a flexible and inclusive pathway to a university education. Choose from health professions, humanities, science, social science, business studies, and engineering.

SCAN ME

HIGHER EDUCATION

You can choose to study for a university level qualification in just one or two years with a HNC, HND, Foundation Degree or a teaching qualification. Choose from: art, design and graphics; artistic makeup; built environment and construction; business management; computing and digital; engineering; fashion and footwear; healthcare; music, performing arts, music technology; and photography.

WHAT'S ON CAMPUS

Being a student at Leicester College is not just about your course work. You will meet new people and make new friends.

We have a thriving Student Union, which allows you to get involved with things like events, fundraising and political campaigning.

We also have a Student Enrichment Team (SET) that organises a huge range of events throughout the year, such as sports, volunteering, cultural and religious celebrations and much more.

If you need childcare, we have two onsite nurseries, which offer flexible and affordable childcare.

You can also get a TOTUM card as a student that gives you access to hundreds of discounts. You'll also get access to full Office 365 suite too.

Of course, each campus has a library. You'll also find a social space at each campus where you can relax, reflection room (for prayer or just if you need some space for mindfulness), and a canteen.

For higher education students you'll also have access to our HE hubs at Abbey Park and St Margaret's Campuses that provide quiet social and study spaces.

WHAT DOES IT COST?

Funding for education in England is quite complicated. Who pays course fees depends on a number of factors including what previous qualifications you have, the type of qualification you are applying to study, your age and your income.

If you are age 19–23* and studying for your first level 1, 2 or 3 course (you don't already have a qualification at the level you are applying for) then you do not have to pay course fees.

If you are age 19* or older and claim certain benefits most level 1 and 2 courses are free. People who earn less than £20,319 a year (this was the figure for 2023/24 and will be reviewed for courses starting in September 2024 by the government) can also study most level 2 courses for free.

If you have to pay for your course, you may be able to apply for an Advanced Learner Loan or a Student Finance Loan. Take a look at [gov.uk](https://www.gov.uk) for more information.

We also have a Learner Support Fund for students who may need help with things such as material fees, childcare, transport to and from college, and meals at college. If your gross household income is below £33,000, or below £18,525 if you are single you may be able to apply.

*on 31 August of the year you start studying

**Abbey Park
Campus**
Painter Street
Leicester
