

A background image showing two men in profile, smiling and looking towards the left. The man in the foreground is wearing a dark blue shirt, and the man behind him is wearing a light-colored shirt. The image is partially covered by large, overlapping, semi-transparent geometric shapes in shades of teal, yellow, and orange.

September 2023 to June 2024

# PART TIME COURSES FOR ADULTS

[leicestercollege.ac.uk](https://leicestercollege.ac.uk)

# If you're looking for a change of career, need to update your skills to get back into work, or fancy trying a new hobby, at Leicester College we have a part-time course for you.

Many courses start throughout the year, so there are lots of chances to find a date that suits you. Others run from September to June, usually with exams at the end of the course.

Many of our courses are free for people who don't already have that type of qualification. They are also often free if you claim certain benefits, like Universal Credit, are out of work, or earn up to £20,319.

## DISTANCE LEARNING

Distance learning courses are free for anyone aged 19 or over who already has 5 GCSEs or equivalent.

## MATHS AND ENGLISH

If you didn't get maths and English GCSEs at school, we can help you to get these important qualifications. And studying for them is free.

More and more employers want you to have recognised maths and English qualifications. We can help you to take your next steps in education or move on in your career.

If you're not quite ready to study for a GCSE we run functional skills courses at level 1 and 2. These can be a great a stepping stone to GCSE qualifications.

Courses run both during the day and in the evening, with a choice of studying in person or online. We also offer intensive courses so that you can get these qualifications as quickly as possible.

To enrol on these courses, you will be invited into the college for an assessment. This is so that we can make sure you are studying at the right level.

To find a course and apply take a look at the website.

## ESOL (ENGLISH FOR SPEAKERS OF OTHER LANGUAGES)

If English is not your first language, we have courses to help improve your English. ESOL courses will improve your speaking, listening, reading and writing.

You can learn at many levels, to meet your current needs, from entry level to level 2.

You can also choose to learn a new skill at the same time as improving your English. We have courses that combine ESOL with driving, sewing machine skills, crochet, yoga and many more.

courses

## SKILLS FOR WORK

Do you want to get back into work? Or upgrade your skills to move up in your current job? We have a huge range of short courses that you can choose from. They start from as little as 4 hours, for just one day, to full time (30 hours) for a number of weeks.

**Courses are available in a choice of subjects including:**

British values  
care and health  
catering and food safety  
citizenship  
customer services  
construction  
education and safeguarding  
engineering  
environmental sustainability  
equality and diversity  
health and safety  
IT  
logistics  
preparing for work  
security  
wellbeing

## GCSES FOR ADULTS AND ACCESS

As well as maths and English GCSEs, you can choose to study for other GCSEs to boost your qualifications in

**Chemistry**  
**English Literature**  
**Psychology**  
**Biology.**

## LEARNING FOR FUN

If you want to try something new, meet new people or learn a new skill we have a huge range of fun, short, part-time courses to choose from. There's something for everyone, from ceramics and leathercraft, photography and cake decorating, to sugar craft, lathe turning and computing.

Many courses are free if you are on a low income or claim certain benefits.

## PROFESSIONAL TRAINING

A part time course can be the ideal way to get started in a new career, allowing you to combine study with existing commitments.

If you are already settled in a career, it is important to keep up to date with the latest developments. For some careers it's essential that you regularly complete training to ensure that you can operate safely.

We have courses in lots of areas including, plumbing, accounting, electrical installation, legal, safeguarding and barbering for people wanting to get started.

You might want to upskill with a management qualification, AutoCAD, counselling, aviation, threading, or IT course.

Essential courses are for professionals who need them to work safely in gas safety, teaching, IET wiring, plumbing, construction, and food safety.
